# New Admiral announced for Navy Command

The Navy announced today that Navy Captain Kenneth E. Barbor will be the next admiral to lead the Naval Meteorology and Oceanography Command. The command, comprised of some 60 activities worldwide, is headquartered at Stennis Space Center (SSC) in Hancock County. It is the only operational naval flag command in Mississippi.

Barbor will be promoted to the rank of rear admiral (lower half) and relieve Rear Adm. Paul G. Gaffney II as Commander, Naval Meteorology and

Oceanography Command during ceremonies to be held on the Coast this fall. Gaffney, who was recently promoted to the rank of two-star rear admiral, has headed the command since July 1994. He will become the full-time Chief of Naval Research, a position in which he has been double-hatted for the past year. The Office of Naval Research is located in Arlington, VA, outside Washington, D.C.

Barbor currently serves as commanding officer of the Naval Atlantic Meteorology and

Oceanography Center in Norfolk, VA. This will be his second tour in Mississippi. From 1993 to 1995, he served in the headquarters' program integration and resources depart-

A native of Paducah, KY, Barbor holds a bachelor's degree in meteorology and oceanography from the University of Michigan and a master's degree in meteorology and oceanography from the Naval Postgraduate School in Monterey,

He was commissioned into

the Navy via the University of Michigan's NROTC program in 1972. His other naval tours include the USS Tawakoni; USS Waddell; Fleet ASW Training Center Atlantic; Officer in Charge, Naval Oceanography Command Detachment, Brunswick, Maine; Commanding Officer, Oceanogra-phic Unit FIVE; Fleet Oceanographer, Commander Seventh Fleet; Oceanographer of the Navy staff; and Naval Oceanography Command Facility, Brunswick, Maine.

### Wellman 'gambles' with contract

BY RICHARD MEEK

In a state with gambling as the foundation of economic success, Wellman Corp is rolling the dice on one of its million dollar contracts.

Company officials are hoping that a Pennsylvania firm is able to secure a proper certificate of responsibility in Mississippi in order to award a lucrative siding contract to that firm. But Hancock County Port & Harbor officials are wary of the company's decision.

The issue dates back to May when bids were originally opened for the contract. Sunbelt Directors of Canonsburg, Pa., submitted a bid of \$1.1 million, which was considerably lower than the next two low bids of \$1.7 million from GM&R Construction in Waveland and \$1.8 million from Professional Contract Services, headquartered at Port Bienville Industrial Park.

However, Sunbelt's certificate number was expired, so that bid had to be rejected. Company officials advised the P&H Commission to reject the other two bids and readvertise.

Sunbelt did not bid a second time, and only two bids were received. This time, Professional Services and GM&R reversed their original hids Professional coming in at \$1.7 million and GM&R at \$1.8 mil-

### Bay cats may soon be leashed

BY MARY G. SEILEY

A run on cat collars may be in the making for Bay St. Louis merchants.

City Council members are studying proposed revisions to the municipal code which would require, among other things, that cats-at-large wear rabies inoculation tags.

Officials have set an Aug. 19 public hearing on the animal ordinance upgrade, at 7 p.m. in the City Hall Annex on Court Street.

As it stands, the city code has only two brief paragraphs concerning animal control: all dogs in the city must have a collar and rabies tag, even if the canines are inside a home. And dogs must be on leashes if on streets, sidewalks, alleys or public property

The proposed ordinance gives city officials much more leeway in controlling stray, bothersome or dangerous dogs

While most cats wouldn't

have to be walked on leashes, they would have to wear rabies tags if wandering off the owner's promises. Any loose dog, and any cat without a rabies tag, can be picked up by authorities and held for five days

If the owner isn't located, the animal can be put up for adoption or put to death.

The new law also would reign in on nuisance animals In other words, your pet isn't allowed to "create a distur bance in the city," or "become a nuisance in any manner, particularly by reason of destroying or defacing property of another, incessant barking, by causing nauseous odor, filthy conditions or the breeding of flies, mosquitoes and other pests, or by knocking over garbage cans, bags or other such containers.

On the other hand, it'll also be illegal under the city code to torture, torment or "unjustifiably"

### Crumbling shoreline

Part of a costly Corps of Engineers project to save some of Bay St. Louis' shoreline has crumbled. The interlocking block structure constructed along North Beach Boulevard, from Bay Oaks Street to Casino Magic's property at the Highway 90 Bridge, was shaken when Hurricane Danny skirted past the Coast. City officials have contacted the Corps for an inspection and, hopefully, repairs to the structure. City Council member James Thriffiley cast doubt on the technique that was used in the Corps project, and the quality of work as well. Thriffiley has suggested putting stucco over the bricks, to help solidify the structure. (Echo staff photo by Richard Meek)

### Four arrested

BY RICHARD MEEK

Four men were arrested in connection with the burglary of Waveland business early Monday morning.

Michael Lee Bazzelle, 27, of Waveland; and Ike Dean Wagner, 20, George Allen Nephew, 17, and Gustave Pierre Cantrelle, 26, all of Bay St. Louis, were charged with Burglary of a Business and are being held on \$1,000 bond each at the Hancock County Justice Facility, Waveland Police Chief Jimmy Varnell said. Nephew was charged as an adult.

Varnell said on Monday a call was received reporting a burglary of Pete's Buy and Sell on Highway 90 in Waveland. Varnell said the owner reported stereos, car radios, video games and jewelry were stolen.

According to Varnell, an investigation led to the four arrests, and the recovery of all of the stolen merchandise.

The officers involved in the arrest were Gene Boswell, Lt. Kevin McIntosh and Investigator James Goss. Goss is in charge of the investigation.

### **MDOT** refuses signals

BY ED LEPOMA

The Mississippi Department of Transportation says it can't help install signal lights at fire stations in Hancock County.

MDOT's Southern District Chairman Ronnie Shows wrote County Administrator Tim Kellar last week regarding supervisors' request to put a stop/go light at the fire station in Pearlington.

"At the present time, it is not practice to install stop and go lights to be used on a limited basis," said Shows. "If we install a signal, it is required to operate all the time.

Shows suggested the Pearlington fire department should use its own personnel to flag traffic when fire trucks are pull-

ing in and out of the station. Using gaming funds, supervisors are proceeding with plans to install a traffic signal at the busy Diamondhead fire station.

### Health baby shower

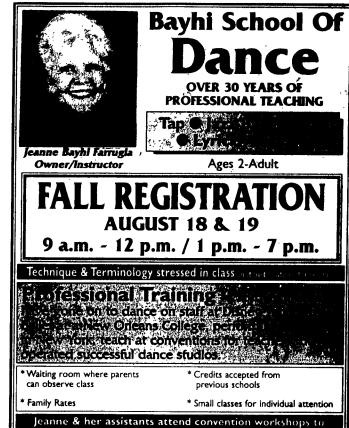

The Hancock County Health Department's staff is hosting a baby shower on Friday, Aug. 15, from 10 a.m. until noon.

The shower is a Shower of Love, and all expectant mothers in the county are invited and urged to attend.

The health department is located in the Human Services Complex, Longfellow Road, Bay St. Louis.

Liz Hanson, coordinating nurse, along with Aubrey Muller, location specialist, said this is being hosted by the staff in honor of National Breast Feeding Awareness Month.

Hanson said, "This will be the first year for us to offer such a celebration at the Hancock County Health Department and we hope to make it an annual event.

This is for expectant mothers only!

On Friday, from 10 a.m. until noon, the Hancock County Health Department will sponsor a A Shower of Love.

This shower is free and for all expectant mothers, who can gain some very important information, according to Health Department officials.

The special shower is being hosted by the Health Department's staff in honor of National Breast Feeding Awareness Month.

Among the featured information available for expectant mothers attending will be infant core, infant feeding, immunization, WIC and breast feeding.

To make the program more interesting, there will also be several door prizes.

A word we hear a lot about today is Hospice. Hospice groups are many about the country, and are

filling a very important need for terminally ill patients. One such group along the Coast is Quality Hospice of the Gulf Coast Inc.

Quality Hospice of the Gulf Coast, Inc., is a non-profit organization formed to give professional and compassionate care to terminally ill patients.

Volunteer activities include: Direct Care Volunteer, (works with patient and family); Bereavement Volunteer (cards and phone calls to family); Office Volunteer (assisting with mail-outs, alling to ping, etc.); and A xiliary Volunteer (speakers dames) crafts baking fund development for Hospice Fund).

Among Quality Hospice local volunteers is Jean Longo of Waveland.

When a cure is no longer possible, the Hospice team offers the compassionate care needed to allow terminally ill patients to be in charge of decisions about their own care; to be comfortable at home with family members or caregivers, and to prepare for the final journey.

For more information contact Quality Hospice of the Gulf Coast Inc., at 1-800-777-4279.

#### General Stonewall Reno

Recently I referred to U.S. Attorney General Janet Reno as 'General Stonewall Reno.' While I mean no disrespect to the famous Southern general, Janet Reno's attempts to "stonewall" legitimate congressional investigations certainly make the nickname quite appropriate. Under Reno's leadership, the

U.S. Justice Department has become one of the most politicized areas of our government.

Over the past several month. it has become increasingly clear that the Justice Department's historic position as a neutral law-enforcement agency has been dropped in favor of partisan politics. Reno's refusal to appoint an Independent Counsel to investigate the presence of foreign money in last year's elections, and her department's uncooperative attitude toward congressional investigations into those election are evidence of this.

In addition, the Justice Department has also displayed highly questionable behavior during an investigation into alleged violations during last year's Louisiana senatorial election.

Day after day during the on-going Senate Campaign Finance hearings, evidence has shown that illegal foreign contributions were made to the Democratic National Committee during last year's elections. Members of both parties on the Senate committee agree that was an effort by the Chinese government to influence our elections. Still, the Attorney General refuses to appoint an Independent Counsel to investigate. I do not see why.

The Independent Counsel statute adopted by Congress was designed for situations like this. Specific criteria were set forth in the statute which govern the appointment of an Independent Counsel.

Among those is credible evidence that a crime may have been committed by the President, Vice President, or highranking administration officials. While Reno tries to make the point that there has been no solid evidence to date showing wrongdoing by those covered by

the Independent Counsel statue, she ignores another major part of that same statute that an Independent Counsel should be appointed in a situation where there is a real or perceived conflict of interest in the Justice Department. It is obvious that such a conflict exists in this instance, and an Independent Counsel is called for.

Reno has also tried to derail the Senate investigation into campaign violations by refusing to approve immunity from prosecution for minor players whose testimony could prove very valuable. She would not approve immunity to several Buddhist nuns who, despite having taken a vow of poverty, made sizable donations to the Democratic National Committee during a fund raiser in California last year.

Reno said she declined approval of immunity because the Justice Department might eventually prosecute these nuns. This is a ridiculous excuse, since it is clear no one is going to prosecute Buddhist nuns who very likely were unaware of what they were doing.

It seems more likely Reno denied approval of immunity to keep them from telling their story to the Senate investigating committee, because that testimony might prove damaging to Vice President Al Gore who was present at that fund raiser.

Despite Reno's objection, the Senate investigating committee disagreed with Reno's judgement and voted almost unanimously to extend immunity to the

Reno's stonewalling has also been evident in the investigation into the 1996 Louisiana Šenate race. It took 53 days after the FBI was requested to investigate possible violations in the Senate election for agents to appear on site.

Just two weeks later, those agents were pulled off the case after Democrats on the investigating committee complained about the investigation. "Stonewall Reno" pulled back her troops the first chance she

### Taylor announces six new hurricane hunters

The 53rd Weather Reconnaiseance Squadron which performs the life-saving Hurricane Hunter missions at the 403rd Wing at Keesler Air Force Base will soon see upgrades from the 30-33 year-old planes they have been flying, to safer, newer aircraft, announced South Mississippi Congressman Gene

Taylor.

Taylor said the Air Force will exercise a contract option with Lockheed Martin for \$273,900,000 to build six new C-130J aircraft for Keesler Air Force Base.

dent Bill Clinton, Secretary of Defense William Cohen, and General Ronald R. Fogleman, Chief of Staff of the United States Air Force, stressing the importance of these missions.

In March, Taylor wrote Presi-

Taylor urging them to reconsider any decision that would not allow these older models to be replaced. This past April. Taylor announced the Air Force's decision to replace the old models with the new C-130J.

"There is no question that the Hurricane Hunters fly the most dangerous peacetime missions of the U.S. Air Force," said Taylor, a member of the House National Security Committee. "And some of the planes are older than the brave young men and women who fly them."

They provide us with accurate and up-to-the minute information about tropical storms and hurricanes. These pilots have saved many lives by risking their own. The citizens of this nation who benefit from the missions of the Hurricane Hunter and pilots and crews who fly these dangerous missions deserve nothing less." said Taylor.-

# **ASK THE**

By Donald Mauffray Veterans Service Officer

#### Various VA questions and answers

Q. Will my insurance cost be raised if the Department of Veterans Affairs bills my insurance company for medical care?

A. So far, there have been no reported instances of insurers raising premiums due to claims being filed by the government. Health insurance is intended to cover medical services listed in your policy and the premiums you, your spouse or employer pay are for those services. Since you are using your policy to allow VA to recover costs, the insurance is being used as intended.

Q. Why does the VA medical center ask if I have medical insurance when I go for treatment? I thought my VA care is free.

A. While VA's services may cost a veteran nothing, they are paid for by federal tax dollars. The law requires VA to recover those costs if they are covered by private insurance. This makes VA similar to other health-care providers. Filing claims with insurers costs the insured veteran nothing. The collection process is between VA and the company.

Q. What will happen if an insurance company does not reimburse the government for the full amount VA claims. Will I have to pay the difference to

A. No. VA will not seek recovery of any uncollected funds from the patient. This should onfused, however, with bills VA may send to veterans in a certain income category who gave agreed to make a medical care copayment to VA.

Q. I am insured under Veter-

ans Mortgage Life Insurance At what age will my coverage end?

A. Regulations mandate that coverage cease when you reach

Q. I forgot to send in my VA life insurance premium payment on time. Is there a grace period before my insurance will expire?

A. Yes. Insureds are allowed 31 days after the due date to pay any premium except the first premium.

Q. Is a veteran who received a general discharge from the Armed Forces eligible for VA educational benefits available under the Montgomery GI Bill?

A. No. The law requires that veteran receive an honorable discharge to be eligible for education benefits under the Montgomery GI Bill program. No other type of discharge is acceptable.

Q. Does VA offer education counseling to help veterans determine how to use their education benefits.

A. Yes. Counseling may be available for individuals who are eligible for VA educational assistance; who are on active duty and within 180 days of discharge; or who have been discharged one year or less. For additional information, call VA toll-free 1-800-827-1000.

Q. If I am unable to use the Montgomery GI Bill education benefits after I am honorably discharged from military service, will the money be refunded to me?

A. No. This money is not refundable.

Mississippi Economic Council

### Electric energy choice coming to Mississippi

It's going to happen. It is several years away, but

the day is coming when every Mississippi business and household will be required to choose an electric vendor. You'll choose who supplies your electricity, just like you must now choose a long-distance company.

And the competition will be just as fierce as it is among AT&T, Sprint, WorldCom and dozens of other long-distance marketers.

Before that day comes, there are some tough decisions that will have to be made by Congress, the Mississippi Public ervice Commission and the Legislature.

Moving Mississippi carefully and deliberately from its present system toward a free market system of choice and competition is a subject with

far-reaching ramifications.
The Mississippi Economic

scandal and possible violations in Louisiana, the behavior of the Justice Department is becoming more and more suspect. It is time for the Attorney General to stop stonewalling and start doing her job.

Council recently weighed in with a policy statement that encourages this movement but cautioned that "adequate safe-guards should be exercised to assure that all consumers have access to reasonably priced energy services.

MEC also recognized that while a system of choice and competition serves the best interest of the state and its people, some individuals may not receive the same benefits as others in the revised system." Larger users will, of course, pay less per unit of electricity than those who use minimal amounts. Even today, large industries negotiate contracts that provide them with rate breaks.

That state has a responsibility, MEC said, to assure essential services to all its citizens. Currently only about half of Mississippians purchase from the two companies regulated by the Public Service Commission Entergy and Mississippi Power Company. The other half are supplied by the Tennessee Valley Authority, electric power associations or municipal systems.

### **BETWEEN** THE LINES

By Richard Meek

There was no cockiness among the Gulf Coast All-Stars as they began play in the 16-year-old Babe Ruth Southwest Regional Tournament. Only a justified confidence.

The players predicted a regional title and delivered with an 11-6 victory over East Texas in the championship game. The team begins play Friday in the Babe Ruth World Series in Springdale, Ark.

The team has a decided Hancock County flavor, with five St. Stanislaus diamondmen and one player from Hancock High School playing significant roles. Stanislaus' players include Ronnie Vanney, Steven Knight and Kile Foster of Bay St. Louis, Chris Davis of Gulfport and Justin Gunter of Long Beach. Breeze Brockhoff is the Han-

cock player. Gunter hit a three-run home run in the first game of the regionals and against East Texas in the deciding game knocked in the go-ahead run. That hit drove in Foster, and Knight fol-

lowed with an RBI walk. Knight

also pitched and picked up the

win in the title game.

Davis, who plays shortstop, made no errors and was 10-15 in the tournament. Foster was

4-5 with four RBI and no errors.
"It's quite an honor to represent the Coast," Davis said. "It's a great experience. We look forward to continuing our success in Arkansas."

The team's success should come as no surprise since the coach is Joe Brockhoff, who forged a steller career at Tulane before retiring as the Green Wave boss. There are few better than Brockhoff. The one constant in his career has always been successs, and this summer is proving no different.

No one has ever accused NFL owners of being a fraternity of Phi Beta Kappas, but even these aging jurassics should recognize the lunacy of playing

four preseason games.
In days gone by, the preseason consisted of six exhibition games. Years ago, that number was mercifully reduced to four. Now, the idea of preseason

#### World Series bound

games should be completely scrapped.

In these times of soaring contracts and free agency, maintaining the health of the NFL labor force is more critical than ever for team officials. Unfortunately, owners are watching their million-dollar investments, and coaches seeing their future meal tickets succumb to injuries in games that have no meaning.

Miami has been decimated by preseason injuries, and Green Bay's training room is starting to looking like Charity Hospital's emergency room on a Saturday night. Both Cinderella stories from a year ago, Jacksonville and Čarolina watched their collective clocks strike midnight before the first snap of the regular season last weekend when their starting

quarterbacks were injured. The Jaguars suffered the more severe blow, with young gun Mark Brunell possibly sidelined for the year. Brunell was the only player in the league to take every snap for his team a year ago, but now may not take

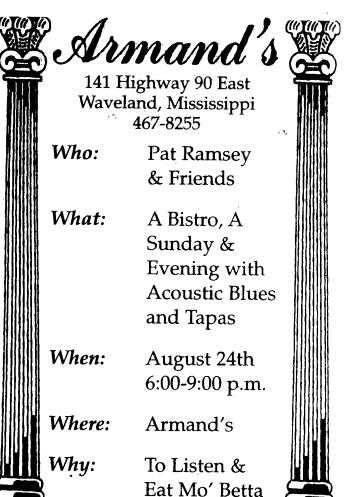

one this year.

Rob Johnson, a name only a Fantasy Football zealot would recognize, is being penciled in as the starter, but look for Jacksonville to make a move for a proven veteran before the season begins. Carolina's Kerry Collins will

only miss a quarter of the season after suffering a broken jaw on a vicious hit by Bill Romanowski on Saturday. Romanowski's was not dirty, but it did bring to light the danger of leading with the helmet when tackling instead of the shoulders or body.

The injuries to Collins and Brunell are the last two exhibits in an argument of why the NFL should eliminate preseason. The solution is to have the teams report to training camp when they now do and schedule several scrimmages with other teams leading up to the season opener. But when the games start, make it for real.

The players don't like exhibition football, neither do the fans. And the owners need to protect their investments.

### Hancock BASSMASTERS to hold kids casting, pitching, flipping, contest

BY ELLIS C. CUEVAS The Hancock County BASS-MASTERS will sponsor a kids BASSMASTER CastingKids Competition on Sat. and Sun., Aug. 30-31, Poochie Tartavoulle, club president said.

The competition will give youths ages 7-10 and 11-14 an opportunity to test their casting, pitching and flipping skills. The event is free and open to the

The BASSMASTER Casting-Kids Comptition will be held in conjunction with the Waveland Civic Association's annual Kids Fishing Rodeo, Festival and

Fireworks Display, to be held over the Labor Day weekend in Waveland.

The BASSMASTER Casting-Kids Competition will be at the Coleman Avenue soccer field, located at the corner of Colemen and Central avenues, from 11 a.m. to 2 p.m. and also 4 to 7 p.m. on both Saturday and Sunday.

The kids will be judged on their casting, pitching and flip-ping skills. Those who make the national finals will compete against kids their own age for \$20,000 in scholarships and

prizes, said Raymond A. Cuevas, Hancock County BASS-MASTERS competition chairman.

Each competitor will receive a free BASSMASTER Casting-Kids Certificate of Competition and a copy of the program's offi-cial publication, BASSMAS-TER Casting Kids Magazine. Winners at the local level also receive a medallion and a Zebco rod and reel.

The contest, presented on a national level by the Bass Anglers Sportsman Society and Zebco, is based on the old football "Punt, Pass & Kick" competition. The contest begins on the local level where each entrant will be judged on casting, pitching and flipping in offical lanes, aiming at the standard BASSMASTER CastingKids target to insure compeition uniformity.

Scoring will be based on a point system with the highest

points determing the winner in each of the two age groups. From there, the winners from each local competition will advance to their respective state compeitions and then on to a national compeition, where only 10 National Semifinalists will earn the right to attend the BASSMASTERS Classic amd compete for the two titles of National BASSMASTER Casting-Kids Champion

The BASSMASTER CastingKids program is a wonderful event that has many benefits," commented Tartavoulle. "In addition to learning more about fishing, the contest will also foster in each participant an appreciation and concern for our great outdoors. Plus, every-one is sure to have a lot of fun."

### Daniels touts Wildcats' conditioning as drills begin

Sixty-nine 1997 football prospects reported for preseason football drills here Thursday at Pearl River Community College.

Wildcat coach Keith Daniels, who is entering his third season at PRCC, said the overall physical condition of his team was good following conditioning tests held Thursday afternoon.

"Most of our players reported in pretty good condition," Da-niels said. "We're not going to be a very big football team this season, but we'll have plenty of speed and quickness.

The Wildcats are currently amidst three workouts per day -- at 6:30 a.m., 9:30 a.m., and 4 p.m. -- and will begin contact drills in full pads Monday afternoon. The three-a-day workouts will continue until August 14 -the day of fall semester registration. Classes begin August 15.

Daniels singled 15 players for their impressive showings in Thursday's conditioning tests, including quarterbacks Travis Cunningham of Lauren, S.C., and Ricky Fremin of Belle Chase, LA; running backs Anthony Davis of Shelby, N.C., and Nate Williams of Hattiesburg; tight ends Partick Garvinof Oak Grove and Juan Mariner of Prentiss, linebackers Freddie Franklin of Columbia, defensive back Chad Young of Purvis, offensive linemen Josh Mars of Picayune, Jeremy Waldrip and David Fielder, both of Oak Grove, and Bernard Loftin of Bassfield; and Nate Williams of Hattiesburg.

Daniels said two more recruits received permission to report late. Both will be on campus this weekend

The Wildcats open their 1997 season Thursday, September 4, with a home game against North Division rival Northeast

### Extra efforts develop study habits

Studying is the last thing on most students' minds until the night before a big test or just a few days before a major project

The beginning of a new school year is a good time to change bad attitudes toward studying and develop better study habits. This is a chance for stu-dents to start over and prove themselves in the classroom, regardless of past performances.

Dr. Ann Jarratt, 4-H youth development specialist at Mississippi State University, said concentration, organization and time management are the keys to successful studying.
"Without concentration, stu-

dents are only looking at the words or problems on a page — learning is not taking place," Jarratt said.

Prime study environments vary with each student, but the place should promote maximum concentration.

"Most students wil' find it easier to concentrate at a desk or table with a straight-backed chair in a quiet, well-lighted room," Jarratt said. "The fewer distractions, the better.

Jarratt suggested organizing materials before studying

Gather all your needed materials and have them within arm's reach, so you will not waste time looking for things once you begin studying," she said. "Remove everything from the study area except what you are working on at that moment to avoid distractions."

Students should organize their priorities and have a set plan of what they need to accomplish during their study time each day.
"Don't wait and try to do your

studying all at once," Jarratt said. "Cramming is ineffective students should begin studying as soon as the concepts are presented and continue with periodic reviews of the material.

The best time of day to study and the length of study depends on the individual. Students should choose their study time based on their most alert time of the day and when they have large slots of time in their schedules to allow for study.

Difficult subjects should be tackled when students are most rested and their minds are fresh.

"Active study; which includes

underlining, copying notes and reading out loud, is a good way to strengthen the learning process," Jarratt said.

Some students are self-motivated while others need more help and encouragement from their parents or a tutor. Jarratt stressed that a child's homework or project should never be done by a parent.

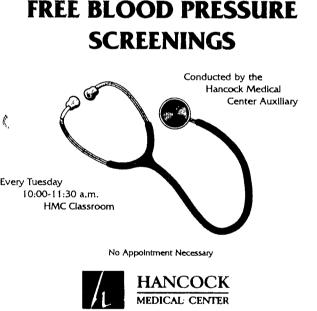

"Parents should support, encourage and emphasize to children that studying is expected and homework is required, but harassment by parents will only lead to a power struggle," she said.

"Knowing how to study is a life skill," Jarratt said. "Studying requires self-discipline and organizational skills that will help students make plans and set goals to achieve.

### Six Brothers serve young people over 300 years

Six Brothers of the Sacred Heart of the New Orleans Province commermorate a total of more than 300 years in their religious congregation of service to young people on August 15, the anniversary of their making first profession as brothers.

Brothers Lee Barker, Victor Bendillo, Elliot Couvillon, and Noel Lemmon will celebrate their golden jubilee while Brothers Warren Laudumiey and Donald McGrath will observe the 60th anniversary of theri religious profession.

Brother Lee Barker, son of the late Dr. Charles J. Barker and Aline M. Coulon of Thibodaux, Louisiana, joined the Brothers in September of 1945 following graduation from Thi-bodaux College High School and Studies at Loyola University in New Orleans.

He pronounced his first yows on August 15, 1947, in Metuchen, New Jersey, and made his perpetual vows on June 10, 1953, at St. Stanislaus in Bay St. Louis, Mississippi.

He completed his undergraduate studies at spring Hill College in Mobile, Alabama, receiv ing a Bachelor's Degree in 1950 and then returned to Loyola in New Orleans where he earned an M.Ed in Administration and Supervision in 1968.

During the past 50 years, Brother Lee has served in nearly every position available to him in his religious order: teacher in Bronx, New York, Bay St Louis, Mississippi, and Alexandria, Louisiana; Master of Formation in Metuchen, New Jersey, and Daphne, Alabama; Principal at the former St. Aloysius High School (now Brother Martin High School), New Orleans, and at St. Stanislaus in Bay St. Louis, Mississippi; Vocation Director; and Director of Residency at St. Stanislaus, the position he currently fills.

Brother Lee served on the Provincial Council, the province's leadership team, from 1961-1994. In addition, his brothers elected him to the highest position in the province

### Diamondhead Lions offer moving video program

A dramatic and emotionally moving video program titled "Through Danny's Eyes" will be presented for both members and guests as the entertainment portion of the Diamondhead Lions Club's monthly social meeting Tuesday, Aug. 19.

Guests from throughout the Hancock County area are invited to the presentation. The meeting is scheduled for 7 p.m. at the Diamondhead Community Center.

Dr. Jim Schrock of Picayune, a former Lions Club district governor, will present the video, a brief but moving account of the way one donor of eyes, bones and tissue has changed the lives of several beneficiaries.

The video is based on the experiences of a widow named Ann Neal, whose husband died of a heart attack several years ago after signing a donor card that left his eyes, bones and tissue to continue to benefit

people who needed their help. A lot of what this wideo is about it what it has meant to Ann Neal to know that people are seeing, walking and functioning because her husband, Danny, cared enough to sign a donor card that made all this

possible," Dr. Schrock said in an interview the other night.

Dr. Schrock will make the presentation as a representa-tive of the Mississippi Lions Eye and Tissue Bank and will offer donor cards to anyone who may be interested

The Lions' Eye and Tissue Bank has offices at 5455 Executive Place, Jackson, MS 39280. The phone number is 984-5030.

For 38 of the past fifty years of service as a Brother, **Brother Victor Bendillo** has been at McGill-Toolen High' School in Mobile, Alabama, serving as teacher and guidance counselor, Son of the late Nicholas Bendillo and Sara Tu-minello, Brother Victor began his studies to become a Brother in September of 1943 in Metuchen, New Jersey, the site of his first profession on August 15, 1947. He pronounced his final vows on June 10, 1953, at St. Stanislaus.

With a Bachelor's degree in History and English from Spring Hill College in 1952, Brother Victor taught in the Bronx, New York, Vicksburg, Mississippi, and Huntington, New York, before beginning his 38 years of ministry in Mobile.

Brother Elliot Couvillon, son of the late Dudley J. Couvillon and Lucille Landry, attended Catholic High School in Baton Rouge prior to his en-

trance into the order in 1945. Like his fellow jubilarians, he pronounced first vows in Metu-chen on August 15, 1947. His final profession took place on August 2, 1953, in Mobile. In 1957, Brother earned a Bachelor's Degree in Education form Fordham University in New York.

Although Brother Elliot taught in schools in Huntington, Brooklyn, and Bronx, New York, his most significant contributions as a religious educator were as a missionary in Africa from 1958 until 1990. Although his health required

his returning from Uganda to the United States, he continues to involve himself in education as a member of the staff at the St. Paul's Adult Learning Center in Baton Rouge while simultaneously preparing young adults for confirmation in a local parish in Baton Rouge.

Brother Noel Lemmon began his studies for the Brothers at the same time as did Brother Elliot; namely, on September 8. 1945, in Metuchen, New Jersey. The son of the late Henry Louis Lemmon and Georgie Rettig, **Brother Noel attended Catholic** High School in Baton Rouge prior to his entrance.

He pronounced first vows on August 15, 1947, and he made his perpetual profession on June 10, 1953 at St. Stanislaus. In addition to his Bachelor of Science Degree in Social Studies and English earned in 1952

from Spring Hill College, Brother Noel received his Masters Degree in Mathematics from Loyola University in 1973.

Beginning with his first assignment in 1949 in Brooklyn, New York, Brother Noel also taught at St. Stanislaus, Cor Jesu (now Brother Martin High Shool) in New Orleans, and at Catholic High in Baton Rouge.

He also was teacher and Master of Juniors in Daphne, Alabama, for several years. In addition to being Dean of Students at St. Stanislaus from 1987 to 1992, Brother Noel has been director of Camp Stanislaus in Bay St. Louis since 1969.

Although Brother Warren Laudumiey and Donald McGrath both pronounced their first vows as Brothers on August 15, 1937, in Metuchen. they entered at different times. Brother Warren entered from St. Aloysius High School in New Orleans on January 10, 1936, while Brother Donald had entered four years earlier from his home State of Massachusetts.

Both made perpetual vows at St. Stanislaus on August 9, 1943. Their respective careers were sinilar in several respects including the fact that both taught in several schools both in the United States and in Canada; and both served for seven years as missionaries in

Uganda. Currently, both Brother Warren and Brother Donald are in residence in New Orleans adjacent to Brother Martin High School, with Brother Warren serving as local director and Brother Donald as infirmarian for the elderly and inferm brothers. Last year, Brother Donald was inducted into the Hall of Fame at Vandebilt Catholic High School in Houma, Louisiana, where he taught from 1978 until 1994.

These six jubilarians were honored by their Brothers of the New Orleans Province during the Brothers' annual Easter Gathering earlier this year.

### State receives EPA grant

Mississippi has received one of only eight \$5000,000 grants from the U.S. Environmental Protection Agency to assist in developing a system for "onestop" reporting of environmental information. The Mississippi Department of Environmental Quality will work with EPA to replace costly, paper intensive environmental reporting with electronic filing through Internet sites. These sites will provide easier access to more reliable information for citizens, industry, business and regulators at the federal, state and local levels.

"We will work with EPA and those entities in Mississippi

### Computer workshop scheduled

The University of Southern Mississippi's Small Business Development Center is offering a workshop, "Quickbooks Pro-Advanced" on Wednesday, Au-gust 27, & Wednesday, September 3, 1997 from 9:00 A.M. until 12:00 Noon at the USM Small Business Development Center Computer Resource Center, 136 Beach Park Place, Long

This two-day workshop is for those who are currently using Quickbooks Pro and are familiar with this software.

Co-sponsor for this workshop include Gulf Coast Business Technology Center, Greater Biloxi Economic Development Foundation, MS Gulf Coast Chamber, Infotectives, and USM GC Continuing Education.

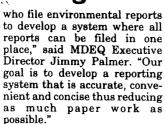

The \$99 fee for this workshop must be paid in advance due to limited seating. To prepay, mail your check made payable to USM SBDC to USM-Small-Business Devalopment Center 136 Beach Park Place, Long Beach, MS 39560. #### Georgia-Pacific declares dividend

Georgia-Pacific Corp.'s board of directors has declared a regular quarterly dividend of 50 cents per share on the company's common stock. The dividend is payable Aug. 20, 1997, to shareholders of record Aug. 8,

Georgia-Pacific's directors also elected Debbie Davidoff Mescon, director container board sales operations, to the new position of vice president containerboard and recycling. Mescon will oversee containerboard sales worldwide. She also will lead the recycling group, which is responsible for procuring approximately 1.5 million tons of recovered wastepaper utilized annually at the company's containerboard operations.

Mississippi received the grant along with seven other states, including Georgia, Min-nesota, New Mexico, Oregon, Pennsylvania, Texas and West

This new reporting system will help individuals, businesses and industry reduce their reporting burden," said Sam Mabry, MDEQ Planning and Policy Head. "This single re-porting method will also allow the general public greater access to environmental information in Mississippi.'

The grants demonstrate EPA's continuing effort to reinvent environmental regulation through its Common Sense Initiative (CSI). Launched by EPA Administrator Carol M. Browner in 1993, the Common Sense Initiative is based on the belief that the best environmental and economic outcomes are achieved when government sets strong national environmental goals, but allows flexibility, innovation and common sense in how these goals are met.

### **YOUR MONEY**

Financial Advice submitted by Basil Kennedy Union Planters Bank

### Knowing the numbers

How does 10 plus 10 equal 21? Here's how. Say you invest \$100 on Jan. 1 at 10 percent. At the end of the year you have \$110. Now, you leave the money, which still earns 10 percent for another year. At the end of the second year you have

That's because the second year you earned \$11, which is 10 percent on \$110. So, the cumulative return on your original \$100 is 21 percent. The fact 21 percent is more than double 10 percent is the effect of investment compounding.

That's because you earn money each year on the original investment, but also on reinvested earnings. That's the secret. To get the benefit of compounding you have to reinvest all your gains, otherwise, 10 plus 10 won't equal 21.

Another way to get a feel for the power of compounding is to use the rule of 72. Here's how it works. If you divide a particular annual return into 72, you'll learn how many years it will take to double your money. For instance, an investment earning 10 percent a year will double in just a tad over seven years.

People sometimes use the rule of 72 to see how long it will take to double their current retirement nest egg. Try it. But be realistic about the rate of return you will earn. For instance, 10 percent would be on the high side, unless all your investments are in stocks, which have historically returned that rate. A 7 percent or 5 percent return would be fairly conservative and reflects the annual payback on a well-diversified portfolio.

He elaborated on the concept in an interview, saying police will become more "proactive" In dealing with concerns of individual communities, in an attempt to get the public more involved in curtailing crime. Particular areas of concern, such as drug dealing, shoplifting or vandalism, he said, will be addressed better under a policecommunity effort.

But McNeil also wants better communications for department itself, converting what's essentially a manual system to a computerized dispatch system that would accommodate the fire department as well.

The "Computer Activated Dispatch" system may be funded through the county's collection of 911 fees, he said, and potentially can be connected to the tax assessor's sophisticated mapping

Under the new system, the computer would locate the officer nearest to a call for help. If the city has had a previous call from the same address, the computer can provide vital information, McNeil said.

For instance, the resident might be elderly or infirm, or the residence might be the site of frequent domestic abuse or other violence troubles. Knowing there are guns or potentially violent people in the residence could save an officer's life, the chief said.

Hopefully, Waveland and the County Sheriff's department will have similar equipment, the chief

McNeil and Mayor Eddie Favre spoke of creating an new Accident Review Board to keep tabs on accidents involving city personnel and equipment. Such accidents tend to come in "spurts," they said, and sometimes are avoidable.

It hasn't been decided how the city will deal with cases of avoidable accidents, but at the least such data could go into an employee's personnel file, they said

McNeil also said the department plans to conduct a public opinion survey by randomly sending questionnaires to citizens who've called on police during the past year, or received traffic citations. The survey will ask the citizen's opinion of the officer's demeanor and helpfulness, he said.

The chief also said he and Assistant Chief Dave Stepro will become the department's Internal Affairs Division, handling complaints about officers and investigating such cases. The public will find an "open door" policy for filing complaints, but will be asked to detail allegations in writing for the department's

Fire Chief Robert Gavagnie said installation of the computerized dispatch system will greatly enhance his department's operations. As it stands, a secretary takes emergency calls during office hours. Firemen on duty after that take other calls. If the firemen are gone during a call, there's no one available at the fire department to receive calls, he

Resolving that problem is one step in getting the city's fire insurance rating lowered from Class 6 to Class 5, he said, a goal of his for the year Just to retain a Class 6 rating, the city must buy a new pumper truck by the year 2000, when the city's 1980 Engine # 1 reaches 20 years of

State fire officials automatically declare 20-year-old equipment obsolete, he said, even if the machinery works well.

The department also needs to add three personnel to its 16 firefighters, he said, and institute a comprehensive training and retraining program. Gavagnie said he's already designated a new training officer.

Talk of upgrading the fire department led to discussion of the need to buy an aerial fire truck capable of dealing with multistory building fires.

Council President James Rutherford cautioned that such a

Councilman James Thriffiley suggested the city could buy an elaborate well equipped "demonstrator" model fire truck for much less than a new one would cost.

equipment at this time.

Whatever direction the city goes on the truck acquisition, said Favre, will be determined largely by development plans within the city in the near future. City officials are assessing the extent of expected development, said the

Recreation, the mayor said, will become a full-time and yearround city effort. The program, he said, will include not only athletics, but also cultural programs and other activities that haven't been on the city's agenda in past years.

The mayor said the effort will involve full-time use of the city's depot. City officials currently are finalizing a policy and procedure manual covering that facility's use, including fees the city will charge to rent out the building for special occasions.

City officials also are getting estimates on costs of additional furniture for the building, and upgrading what Favre said is an

"atrocious" acoustical problem the

Plans for the building's use concern both stories of the depot, its kitchen facilities and grounds. The city may want to construct a gazebo and bandstand on the grounds he said, to enhance its usage.

Favre said the accommodations amount to a tremendous asset the community will have available.

The mayor also discussed probable outlays for repairs to the Valena C. Jones complex at the Old Spanish Trail and Bookter Street.

A portion of the complex which was constructed as an elementary school had been used for years by area senior citizens. But deteriorating conditions in that structure brought howls of complaints from senior citizens, and the city recently constructed a modern facility for their use.

Meanwhile, city officials are eyeing further use of the former school building, but Favre said the roof has to be repaired. Depending on the use ultimately chosen for the structure, other renovations and remodeling may be necessary, he said

The mayor also wants work done on the portion of the building fronting Old Spanish Trail, which houses the police and fire departments.

#### **Country Comfort Tour** hits the road to Biloxi The 1997 Fruit of the Loom perience midway features five

Country Comfort Tour and Experience featuring Hank Williams Jr., Travis Tritt, the Charlie Daniels Band and Jo Dee Messina will perform at the Mississippi Coast Coliseum in Biloxi Sunday, Aug. 31 at 7 p.m.

'We're proud to have country music's greatest artists performing under one label in 1997 — the Fruit of the Loom label," says William Farley, Fruit of the Loom chairman and CEO.

"This year's tour offers something for everyone. Hank Williams Jr. and the Charlie Daniels Band will appeal to all generations of traditional country music fans, while Jo Dee Messina has a strong following among younger, new country music listeners. Travis Tritt blends both sounds to create a show that highlights the evolution of country music. We know that everyone in the Biloxi area will remember this concert

event for years to come."

In addition to the concert, Fruit of the Loom is hosting The Fruit of the Loom Country Comfort Experience. Free to concert ticket holders, the state-of-theart mobile festival grounds of country lifestyle offers country fans more than a typical concert.

"During the concert season, there are lots of shows to choose from," Farley says. "Fruit of the Loom wants consumers to get the best entertainment value for their dollar. The concerts offer more artists than most, and the Fruit of the Loom Country Comfort Experience is a great prelude to their performances.

Experience attendees will enter the grounds through a 16' x 50' x 28' grand entryway featuring two 10-foot Gibon Guitars. It's the perfect place for fans to "picture" themselves with lifesize cutouts of the tour artists in front of a facade of the historic Ryman Auditorium or a replica of the Grand Ole Opry stage.

For example, Tennessee Treasures, the mobile Country Music Museum compiled from Marty Stuart's private collection, showcases personal artifacts of country greats such as Hank Williams Sr., Patsy Cline and Johnny Cash, as well as the Fruit of the Loom Country comfort tour artists. Fans can also take a shot at stardom by cutting their own demo and get an inside look at country music's

The Experience also features line dancing, songwriting showcases and even more music at Billy Bob's Texas "On the Road" and plenty of souvenir Fruit of the Loom clothing emblazoned with country artists at the Merchandise Tent.

"This tour was designed to provide fans a total entertainment experience," says Farley. "It's part old-time country fair, part high-tech honky tonk, and it's all-American family fun. From line dancing to online surfing, it's the ultimate country music experience and the perfect complement to the Country Comfort Tour. Come early, enjoy the Experience, have a bite to eat and settle in

### Community kids receives emmy nomination

The National Academy of Television Arts and Sciences has named WYES-TV/Channel 12's three-part miniseries COMMUNITY KIDS as a Community Service Award finalist. In naming COMMUN-ITY KIDS a finalist, the Academy praised WYES' programming for the service it provides to the New Orleans community

"It's a wonderful degree of success for WYES to recieve a national Emmy nomination as we celebrate our 40th anniversary," said Beth Arroyo Utterback, Director of Broadcasting at WYES. "Our viewers have always let us know how important a resource WYES is, but it's also a great honor to be recongnized on a national level.

COMMUNITY KIDS "...highlight the important issues that only public television is able to provide to the community. At WYES, we are in the unique position of ascer-

taining the needs of our viewers and addressing them through our local programming."

The community service prog rams featured in COMMUN-ITY KIDS include NORD's Summer Theatre Workshop, The Creative Dance Center in Covington, Richard Thomas' Pieces of Power program, the Jefferson Youth's Foundation's Advent Program, Hope House in the St. Thomas Housing Development, The Police Athletic League, Americorp's New Orleans Youth Action Corps, Urban Youth Against Violence, and Each One Save One. They were chosen based on several different considerations: volunteer participation, years of service to the community, fulfilling an existing need in the community, and a program's overall uniqueness. Segment producers included Carleen Graves Dunn, Mischell Fouchi Esneault, Carol Gniady, Doug Greengard, George Smith, Karen Snyder, Daneen Store and Stephen

### Library's literacy program honored

The Hancock County Library System's Adult Education Program will be included in a new Public Library Association publication, Planning for Results: A Library Transformation Process.

Library consultants Himmel & Wilson of Madison, Wis., used the program to illustrate how the library system developed a special role in the Waveland Library Literacy Center.

The authors state: "A volunteer corps of over 60 volunteers, working with a full-time literacy coordinator, offers a variety of literacy services in addition to the GED preparation program. The Hancock Library System's family literacy program involves both independent and joint programs for three- and four- year-olds and their parents or adult caregivers.

"The library also offers English as second language classes, basic skills tutoring and computer skills instruction. The literacy efforts of the Hancock County Library System have been so successful that the Waveland branch has recently been converted into a multidimensional family literacy

the Port & Harbor to have the Commission reject both bids and readvertsie for a third time, hoping Sunbelt will be certificated and come in with another bid of \$1.1 million.

P&H President Dave McDonald, a longtime veteran of the bid procedure, did not share Wellman's optimism.

McDonald said the first bid of \$1.1 million by Sunbelt may

have been too low, and that lacking the proper certificate was the "out" the company

needed.

"If he comes back, he won't be 1.1 (millioni), it will be closer to 1.65 (million)," McDonald said. 'It's a risk (on Wellman's part)."

P&H attorney Robert Genin said the company has every right to reject all bids. "They are playing a poker game," said

In other matters:

The Commission voted to appeal Circuit Court Judge John Whitfield's decision denying the P&H's motion to intervene in a lawsuit involving the Hancock County School District and owners of a 20-acre plot of land near Hancock High School.

Judge Whitfield denied the P&H's motion based on the fact that the school district already has concrete plans for the property.

The property owners are contesting the district's attempt to take the land by emminent domain. That trial is slated to begin on Sept. 8.

P&H Executive Director Hal Walters said the Commission would take the matter "as far as" the legal system would allow.

-The P&H voted to award a bid to refurbish the water tank at Port Bienville Industrial Park to A-Way Tank Service of Baton Rouge, La. A-Way's bid was \$98,600, considerably lower than a bid of \$122,564 by capital Enterprises of Grammercy, La. A-Way's bid was also considerably lower than the estimate of \$135,000 of enginner Carlos Cordon, the consultant on the project.

"I was surprised someone would bid that low," P&H Executive Director Hal Walters

Cordon said the project calls for the tank to be sandblasted inside and out, and repainted to feature Port Bienville's name on the exterior of the tank. He added there is nothing structually wrong with the tank, and that A-Way has 90 days to complete the project.

The tank was last refurbished in the late 1970s, McDo-

injure any dog or cat, or to deprive the animals of food and drink.

The proposed ordinance also provides for impoundment of biting dogs or cats, or dogs or cats suspected of having rabies. Any dog or cat which bites a person, or is suspected of having bitten a person, or who is suspected to have been infected with rabies, is to be picked up and kept by the city until it's determined that the animal isn't infected with rabies.

New attention is devoted to the issue of "vicious" animals, in the proposed ordinance. That's any dog or cat which:

### Tips On Writing EFFECTIVE Classified Ads

#### ♦ STICK TO THE FACTS

Prospective buyers need to know details, like the condition of the item for sale, the size, brand name, color and any other relevant information that would help them make a decision.

#### **▶** BE HONEST

Aside from being unethical, exaggerating or misinforming potential buyers won't help you make a sale, and may only serve to lose a prospective buyers' trust. Even if they come to look at what you have to sell, they'll be less likely to buy the item or trust you once they see they've been mislead.

### **▶** SPELL IT OUT

Abbreviations are not easily understood by many people and may even confuse a reader. It only takes them a second to pass over an ad because it doesn't seem clear, why let it be yours because you abbreviated a description?

#### THE BOTTOM LINE

State the price. You'll save yourself the hassle of having to answer calls from prospects who, upon learning the price, are not really interested. Price is the first thing they'll look for when reading your ad, and when prospects know the price, you'll know you have a serious buyer on the line.

#### **▶** BE THERE

List the best hours to call and make sure you're at home. If you don't list a specific time, you could be flooded with calls any time of the day or night. And when you're not at home to take calls, most likely, they won't call back.

If you aren't sure how to word your ad or what features to include, why not ask us? Our professionals on staff know how to create an effective ad that sells, they're always willing to help, and there's no
